### INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors of  
Nazareth Farm, Inc.  
Salem, WV 26426

We have reviewed the accompanying financial statements of Nazareth Farm, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2018 and 2017, and the related statements of activities and changes in net assets, statements of functional expenses, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of entity management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statement as a whole. Accordingly, we do not express such an opinion.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

#### **Accountants' Responsibility**

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

#### **Accountants' Conclusion**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NAZARETH FARM, INC.  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2018 AND 2017

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Activities – Nazareth Farm, Inc., a nonprofit organization, founded in 1979 and incorporated in 1995, is a Catholic community established for the purpose of promoting, fostering and maintaining a Catholic Christian Community with the goal of transforming lives through a retreat experience of prayer, simplicity, love, and service rooted in the Gospel. The Organization provides home repair and other services to low-income residents of Doddridge, Harrison, Ritchie, and Tyler Counties, in West Virginia.

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents – The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Property and Equipment – It is the Organization’s policy to capitalize property and equipment over \$1,000. Lesser amounts are expensed. Purchased property and equipment is capitalized at original cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line and modified accelerated cost recovery system methods.

The useful lives employed in the computation of depreciation expense are as follows:

Building	40 years
Equipment	3 – 7 years

Classes of Net Assets

*Unrestricted Net Assets* – Unrestricted net assets are those currently available under the direction of the Board, those designated by the Board for specific use and those invested in fixed assets.

*Temporarily Restricted Net Assets* – Temporarily restricted net assets are those temporarily restricted depending on the nature of the restriction. When the restriction expires net assets are reclassified to unrestricted net assets.

*Permanently Restricted Net Assets* – Permanently restricted net assets are those designated for certain use as specified by the donor, and there is no expiration of the restriction. The Organization had no permanently restricted net assets at September 30, 2018 and 2017.

NAZARETH FARM, INC.  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2018 AND 2017

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

Contributions – Contributions are recognized when received and are classified as unrestricted, temporarily restricted, or permanently restricted depending on the existence and/or nature of any donor restrictions. When the donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and are reported on the statement of activities as net assets released from restrictions. The Organization's policy is to report all temporarily restricted contributions whose restrictions have been met during the reporting period in which the contribution is recognized, as unrestricted net assets.

Donated Services – The Organization has a substantial amount of unpaid volunteers who donated their time in helping carry out the Organization's mission. The value of these services is not reflected in the financial statements since it does not meet the criteria for contributions of services required to be recorded under SFAS No. 116. The Organization had approximately 528 and 600 participant volunteers who contributed a total of approximately 19,060 and 14,400 volunteer service hours for the years ended December 31, 2018 and 2017, respectively.

Other Income – Other income is recorded when earned and expenses are recorded when incurred, in accordance with the accrual basis of accounting.

Prepaid Insurance – Prepaid insurance is determined based on the effective dates of the policies.

Income Taxes – The Organization is not-for-profit and has received a favorable determination letter from the Internal Revenue Service stating that it is exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code and is further classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualified for deductible contributions as provided in Section 170(b)(1)(A)(vi).

The Organization recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Organization had no uncertain tax positions that would require financial statement recognition.

The Organization's Form 990, *Return of Organization Exempt from Income Tax*, for the years ending September 30, 2015, 2016, 2017 and 2018 are subject to examination by the IRS, generally for three years after being filed.

Functional Allocation of Expenses – The costs of providing the various programs and supporting services have been detailed on a functional basis in the statement of functional expenses and summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Fundraising expenses of \$11,476 and \$6,496 for the years ended December 31, 2018 and 2017, respectively, are included in general and administrative expenses.

 NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2018 AND 2017

**NOTE B – ACCOUNTS RECEIVABLE**

Accounts receivable arise from the Organization’s community services in home repairs and participant fees paid by volunteers, including groups from schools, churches and families. Nazareth Farm, Inc. purchases building supplies for individual jobs, then bills the homeowners anticipating reimbursement. Historically, only approximately 30% is collectible on home repairs.

Management determines the allowance account balance at the end of each fiscal year, based on their determination of collectability considering historical and individual account assessment factors. Accounts receivable outstanding after all collection efforts have failed are written off against the allowance account. Collections of costs previously written off are reported as debt recovery and shown as support and revenue on the statements of activities and changes in net assets.

**NOTE C – CONCENTRATIONS OF CREDIT RISK**

The Organization maintains its cash balances in several banks located in West Virginia. The balances in the bank are insured by the FDIC up to \$250,000. The uninsured balances were \$140,726 and \$107,386 at December 31, 2018 and 2017, respectively.

**NOTE D – RESTRICTED-USE REAL ESTATE**

The land on which the Farm is located is owned by the Diocese of Wheeling-Charleston, West Virginia and is subject to certain restrictions, including, but not limited to, maintenance of the property and use as a Catholic Community. If the Organization should cease to exist, the property would revert to the Diocese of Wheeling-Charleston.
